Dear John,

I write to express our great appreciation for your fantastic contribution as MC at our annual awards evening last week in Adelaide.

As you know, the evening was most successful, with our members, staff, sponsors and associates all having a thoroughly good time.

We were delighted that you would agree to be involved, and your professional, but relaxed presentation on the night made it absolutely perfect. The crowd loved your "commercials", and your personal interaction with our people raised their level of enjoyment. You kept us laughing, without being "off", and kept the proceedings on track, and on time.

Thank you too, for your preliminary preparation, and liaison with our event manager. I felt very confident in my involvement with other details, knowing you and Gordon were working "in sync".

Your superb contribution on the night is still talked about with much positive comment about your humor and personality. You certainly have a whole lot more fans in Adelaide!!!!. Thanks once again, looking forward to seeing you in Coolom in May.

Yours faithfully

*Best regards
John*
